Breeders are to register a Prefix to be used in the listed/registered name of a lama they bred.

The Breeder Prefix is generally the breeder's farm name or abbreviation of.

The Breeder Prefix will use up some of the 35 characters allotted for each lama's name.

Prefixes that are shorter will give you more leeway in choosing the remainder of the name.

Some examples of Breeders' Prefixes: Windchime, Rangemore, Karma, Palmdale

** Owner Code (administration purposes)

The Owner Code needs to be 4 or 5 letters and can be either an abbreviation of your farm name, initials or combination. If you do not submit one then one will be allocated to you.
